HELP BUILD A SUSTAINABLE ELECTRONIC HEALTH RECORD AT SIAYA DISTRICT HOSPITAL IN RURAL WEST KENYA

MediGrail, LLC and UNITED SIKHS have joined hands to bring a safe and efficient delivery of health care to Siaya District Hospital.

• 70,000 patients seen every year
• Average time spent for appointment 6-7 hours
• Average wait time to be seen 3-4 hours
• Many patients walk 2-3 hours hoping to be seen and often leave without being seen at the end of the day.
• No appointment system in place
• No Billing system in place
• Current health record is a piece of paper carried by patients, often in tatters from clinic to clinic
• Medical care provided often with no knowledge of past medical history

Please help our efforts by donating :
- Servers and Server racks
- IP phones, Network switches & cables
- Thin Clients, LCD monitors, Memory
- Keyboards, Mice
- Power strips, UPS

We welcome all donations
